Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-48 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Naylor (3142461).

Naylor shows a payload panel 14 secured to means 11 and 12 recessed below a panel 13 and the side ends of 14 go over the top of 12. The panel is used to convert the aircraft to different uses.

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
